## 1 Revision History

Date	Author	File Version	Change Description
12/30/2025	Maggie Tillar	V1.1	Initial external version
2/2/2026	Maggie Tillar	V1.3	- Announcements section 2.1 updated - Jan. Release section 2.2 marked complete (gray font) - Feb. Release section 2.3 added
3/13/2026	Maggie Tillar	V1.5	- Announcements section 2.1 updated - Feb. Release section 2.3 marked complete (gray font) - Mar. Release section 2.4 added - Apr. Release section 2.5 added - Appendix B section 3.2 updated

## 2 Implementation Summary

External testing availability via the Web Tools CAT / stg- environment for each release can be found in the respective section below. The external test environment can be accessed, using your production USERID, via the following URL scheme, host and path:

- Secure APIs: <https://stg-secure.shippingapis.com/ShippingApi.dll>

If you receive an authorization error, please contact [webtools@usps.gov](mailto:webtools@usps.gov) and include your USERID.

Note: Gray coloring indicates production release changes have been implemented.

### 2.1 Announcements

#### 2.1.1 New USPS APIs Platform

1. Summary: New USPS APIs are available on the USPS Developer Portal. The new platform offers more API customization, product offerings, and payment options. Additional features include increased security via OAuth 2.0 authentication. Visit <https://developers.usps.com> for details.
  - The Web Tools API platform shut down on Sunday, January 25, 2026. Platform support is sunsetting and availability may be degraded or interrupted at any time. All Web Tools API users must switch now to USPS APIs:
    - Reference [www.usps.com/webtools](http://www.usps.com/webtools) for Web Tools to USPS APIs migration support materials.
    - Webinars are scheduled daily from 12:00PM - 2:00 PM Eastern Time (except during holidays) running through Tuesday, March 31, 2026. Dial-in information:
      - Link: <https://usps.zoomgov.com/j/1608154466?pwd=QmvPSincshbERvSc2zYrX2oFiG5rGC>
      - Meeting ID: 160 815 4466
      - Passcode: 143627
    - Contact USPS API Support for support and select “Onboarding” radio button and API issue of “API Onboarding/Upgrade” for additional support.
    - To request an extension go to [Web Tools Extension Request Form](#).
  - Industry Alerts:
    - [March 2026 Alert](#)
    - [January 2026 Alert](#)
    - [June 2025 Alert](#)
    - [February 2025 Alert](#)
    - [November 2024 Alert](#)

### 2.2 Production Release: January 15, 2026

External testing: Dec. 30

The API changes noted below will be released to production in the late-night hours of January 15, 2026. USPS is enacting a Price Change on January 18, 2026, which will be available on January 15 when using a ship date of January 18 or beyond. All domestic and international price calculator and shipping label APIs will reflect updated pricing in XML responses, on shipping label images, and in the Shipping Services Files (see Appendix A for full list of price calculator and label APIs). For information on specific prices being updated, please go to <https://about.usps.com/newsroom/national-releases/2025/1114-usps-recommends-new-competitive-prices-for-2026.htm>. To test updated prices, use a ship date of 1/18/26 or later in our lower testing environments.

Changes beyond basic price updates are explained below, per API.

### 2.2.1 First-Class Package International Service (FCPIS) Updates

1. Summary: Web Tools will make updates to support five weight-based price points: 8, 16, 32, 48, and 64 ounces for First-Class Package International Service (FCPIS).
  - o Impacted APIs:
    - International Price Calculator API (API=IntlRateV2)
    - International Label API (API=eVSTFirstClassMailIntl)
2. Summary: Web Tools will make updates to support the removal of the Post Exprés logo from First-Class Package International Service (FCPIS) labels.
  - o Impacted APIs:
    - International Label API (API=eVSTFirstClassMailIntl)
  - o FCPIS CN22 PS 2976 customs forms will remove the current Post Exprés logo and replace with “F” service icon.
    - Examples:

	
Current FCPIS Post Exprés logo	Updated FCPIS “F” service icon

**Table 1: FCPIS Label Icons**

3. Summary: Web Tools will make updates to remove International Registered Mail service ability for First-Class Package International Service (FCPIS). Changes will not impact First-Class Mail International (FCMI) which will allow International Registered Mail.
  - o Impacted APIs:
    - International Price Calculator API (API=IntlRateV2)
  - o International Price Calculator API (API=IntlRateV2) updates:
    - Registered Mail extra service (<ServiceID>=“103”) will no longer return for FCPIS (<ServiceID=“15”>)

### 2.2.2 French Guiana, Guadeloupe, Martinique, and Reunion Price Group Updates

1. Summary: French Guiana, Guadeloupe, Martinique, and Reunion price groups will be updated to match those of parent country France. Web Tools APIs will be updated to support these price group changes. Reference USPS Notice 123 for details <https://pe.usps.com/PriceChange>.
  - o Impacted APIs:
    - International Price Calculator API (API=IntlRateV2)
    - External – International Label APIs (APIs=eVSExpressMailIntl, eVSPriorityMailIntl, eVSTFirstClassMailIntl)
    - Legacy Customs Form CN22 International Label API (API=CustomsCN22V2)
    - Legacy Customs Form CP72 International Label API (API=CustomsCP72V3)
  - o New French Guiana, Guadeloupe, Martinique, and Reunion price groups:
    - Priority Mail Express International (PMEI) will be 15.
      - Note: PMEI only available to French Guiana, Guadeloupe and Martinique. PMEI is not available to Reunion.
    - Priority Mail International (PMI) will be 15.
      - Flat Rate Envelopes and Boxes will be 4.
    - First-Class Mail International (FCMI) will be 5.
    - First-Class Package International Service (FCPIS) will be 15.

### 2.2.3 Belgium Insurance Updates

1. Summary: Web Tools APIs will be updated to support changes in insurance limits when Shipping to Belgium. Priority Mail Express International (PMEI) insurance limits for Belgium will be updated from \$650 to no longer available. Priority Mail International (PMI) insurance limits for Belgium will be updated from \$650 to \$600.
  - Impacted APIs:
    - International Price Calculator API (API=IntlRateV2)
    - International Label APIs (APIs=eVSExpressMailIntl, eVSPriorityMailIntl)

### 2.2.4 Airmail M-Bag Updates

1. Summary: Web Tools APIs will support changes in Airmail M-Bag availability per UPU standards (i.e., UPU – International Bureau – List of designated operators offering the M bag as an optional supplementary service).
  - Impacted APIs:
    - International Price Calculator API (API=IntlRateV2)
  - International Price Calculator API (API=IntlRateV2) updates:
    - Web Tools will return updated Airmail M-Bag availability (<ServiceID="28">) per the UPU country list.

### 2.2.5 Maintenance

1. Database maintenance updates to offload accounts disabled due to inactivity.

## 2.3 Production Release: February 19, 2026

External testing: Feb. 3

### 2.3.1 Customer Registration Interface Updates

1. Summary: Web Tools will update APIs interfacing with Customer Registration for authentication/authorization to support backend updates.
  - Impacted APIs:
    - Informed Delivery APIs:
      - Create Campaign
      - Add Barcode
      - Search/Query
      - Edit
      - Cancel
      - Delete
      - IDQueryCallbackKey
      - IDQueryCallbackKeyLookup
      - IDQueryBarcodeErrorDetail
    - Commercial Package Intercept (CPI) APIs:
      - holdForPickup
      - createRTS
      - createRedirect
      - status
  - Web Tools updates will be backend and seamless to integrators.

### 2.3.2 Maintenance

1. Database maintenance updates to offload accounts disabled due to inactivity.
2. New AMS Library will be implemented.

## 2.4 Production Release: March 26, 2026

Internal testing: Mar. 2; External testing: Mar. 10

### 2.4.1 Customer Registration Interface Updates

1. Summary: Web Tools will update APIs interfacing with Customer Registration for authentication/authorization to support backend updates.
  - Impacted APIs:
    - Informed Delivery APIs:
      - Create Campaign
      - Add Barcode
      - Search/Query
      - Edit
      - Cancel
      - Delete
      - IDQueryCallbackKey
      - IDQueryCallbackKeyLookup
      - IDQueryBarcodeErrorDetail
    - Commercial Package Intercept (CPI) APIs:
      - holdForPickup
      - createRTS
      - createRedirect
      - status
  - Web Tools updates will be backend and seamless to integrators.

### 2.4.2 Maintenance

1. Database maintenance updates to offload accounts disabled due to inactivity.
2. New AMS Library will be implemented.
3. Effective March 3, 2026 through March 6, 2026 system updates to remove support for Priority Mail Express due to a chemical spill in Memphis, TN. Domestic PME embargo communicated via [Industry Alert](#). As a result of embargo changes, Web Tools label APIs will return errors for PME. Web Tools rate and service standard APIs will not return PME options.
4. Updates to International Rate and Label APIs to resolve issues with baked-in insurance and additional insurance availability to ensure APIs are compliant with business rules. No XML request/response structural changes. NOTE: Integrators calling International Labels could see new errors return when additional insurance is requested and not available. Updates will improve validation where previously successful API responses were incorrectly returned when additional insurance was not available.
  - Impacted APIs:
    - International Price API (API=IntlRateV2)
    - International Label APIs (APIs=eVSExpressMailIntl, eVSPriorityMailIntl, eVSFirstClassMailIntl)
  - International Price API (API=IntlRateV2) updates:
    - Fixes to insurance availability validation – updates will verify additional insurance (beyond baked-in amount) is supported by the destination a country when requested. When additional insurance is available, it will be returned as an extra service option with a fee.
      - Additional insurance beyond the \$100 baked-in amount will not be returned for non-negotiable documents given it is not supported for any destination.
      - Additional insurance beyond the baked-in amount for merchandise varies by country and will be validated if requested.
  - International Label APIs (APIs=eVSExpressMailIntl, eVSPriorityMailIntl, eVSFirstClassMailIntl) updates:
    - Given additional insurance is not available for non-negotiable documents, Web Tools will make changes to correctly validate and return an error when additional insurance (beyond \$100 baked-in amount) is requested.

- Validation will be corrected when additional insurance beyond the baked-in amount for merchandise is requested and an error returned if not available for a given country.
5. International Shipping Regulatory Mandate Fixes - International shipping regulatory mandates require shipments to contain additional export compliance data (i.e., a valid Harmonization Code and Content/Item description). Web Tools Price APIs indicate which countries are impacted by this mandate via the <HSCCodeReqd> tag and which are enforced (i.e., errors will return if required information is not provided) via the <HSCCodeEnforced> tag which drives logic in the corresponding Label APIs. Fixes will resolve incorrect indicator values and update the International Price Calculator API (API=IntlRateV2) via a new optional <Revision>="3" input to return indicator breakdown by mail class and maintain backwards compatibility.
- Impacted APIs:
    - Domestic Price Calculator API (API=RateV4)
    - International Price Calculator API (API=IntlRateV2)
  - International Price Calculator API (API=IntlRateV2) updates:
    - New <Revision>="3" enumeration added which will enable <HSCCodeReqd> and <HSCCodeEnforced> response tags to return per mail class in the API response when <ReturnHSCCodeReqd>="Y" specified in the request.
    - When <Revision> is not "3" and <ReturnHSCCodeReqd>="Y" is specified in the request, the XML response structure will remain unchanged (i.e., <HSCCodeReqd> and <HSCCodeEnforced> tags will return as-is at the package level above mail class options). However, the values will be corrected such that if any of the mail class combinations have a positive indicator then the value returned will be set to "true".
    - Reference Appendix B for sample API request/response.

## 2.5 Production Release: April 23, 2026

Internal testing: Mar. 30; External testing: Apr. 6

### 2.5.1 Web Tools Maintenance Outage Impacting All APIs – Effective Apr. 23 9pm ET

1. Summary: A planned maintenance outage impacting all Web Tools APIs will occur Thursday April 23, 2026, at 9pm ET for approximately 15 minutes. During this time, integrators could see errors or potential degraded API performance.

## 3 Appendices

### 3.1 Appendix A – Price Calculator and Label APIs

#### 3.1.1 Domestic Price Calculator APIs

Description	API Name
Domestic Price Calculator	RateV4

#### 3.1.2 International Price Calculator APIs

Description	API Name
International Price Calculator	IntlRateV2, IntlRate (deprecated)

#### 3.1.3 Domestic Label APIs

Description	API Name
USPS Returns Label API	USPSReturnsLabel
Domestic Label API – eVS	eVS
SCAN Form	SCAN

#### 3.1.4 International Label APIs

Description	API Name
PMEI Label API – eVS	eVSExpressMailIntl
PMI Label API – eVS	eVSPriorityMailIntl
FCPIS Label API – eVS	eVSFirstClassMailIntl
GXG Label API – eVS (deprecated)	eVSGXGGetLabel (deprecated)
Customs Form CN22 (deprecated)	CustomsCN22V2 (deprecated)
Customs Form CP72 (deprecated)	CustomsCP72V3 (deprecated)

## 3.2 Appendix B – Sample API Requests, Responses, and Labels

### 3.2.1 Sample XML Requests

This section provides sample XML requests to the test/staging environment that demonstrate some of the changes implemented to our APIs in this release. These requests are provided as a reference to aid in your understanding of the changes and in your integration with our updated APIs. You should still complete your typical testing and verification processes to ensure that your system is communicating properly with the most updated versions of the Web Tools APIs.

Please note that you must place your valid USERID and Password into the request. Sample responses are provided below the sample requests to illustrate the changes that will occur to the XML schema. Please note that the data within the tags may differ depending on inputs provided. Areas of note are highlighted.

#### International Price Calculator API Sample Request

Mar. 26, 2026 Release reference 2.4.2: IntlRateV2 Revision=3 returning HSCode Indicators per mail class

#### International Price Calculator API Sample Response

Mar. 26, 2026 Release reference 2.4.2: IntlRateV2 Revision=3 HS Code Indicators per mail class

```
<IntlRateV2Response>
<Package ID="1">
<Prohibitions>Absinthe. Arms and weapons, including firearms, parts of arms, ammunition, and imitation arms. Articles bearing political or religious notations on the address side. Human and cremated remains. According to Deutsche Post, the designated postal operator of Germany, human and cremated remains are prohibited in international mail to Germany; however, under certain conditions, an individual might be able to ship such remains by a private shipping courier - an individual has the responsibility of searching for such a courier. Lithium cells and Batteries - including items containing lithium cells and batteries under 135.6. Live plants and animals. Melatonin. Perishable infectious biological substances. Playing cards, except in complete decks properly wrapped. Pulverized coca beans. Radioactive materials.</Prohibitions>
<Restrictions>1. Importation of medicines requires special authorization by German authorities. 2. Import licenses or certificates are required for meat and meat products; pasta products; dairy products; egg and egg products; plant and plant products; tobacco products; and cigarette paper. Senders should ascertain before mailing whether the necessary documents are held by the addressee. 3. Plants and seeds that originate outside the European Union are prohibited unless accompanied by a phytosanitary certificate issued by the country of origin.</Restrictions>
<Observations>1. Any mail requiring a customs form must be addressed to the recipient's physical residential or business address and may not be addressed directly to a parcel locker (DHL Packstation), a service point (postal outlet or DHL Paketshop), or a post office box
```

(Postfach). Otherwise, the German customs authority may reject the mail for return to the sender. Deutsche Post, the designated operator of Germany, also requests that such mail include a local telephone number for the addressee. 2. For Priority Mail International parcels, an invoice, in duplicate, is required for all commercial shipments regardless of value and all personal shipments valued at \$300 or more. The invoices must be affixed to the outside of the parcel or may be enclosed in PS Form 2976-E with the customs declaration. 3. Mailpieces delivered through international bulk mail services must be addressed with the correct postcode number or delivery zone number, if one exists. Without this number, the German postal administration will return such pieces to the sender or the country of origin due to insufficient addressing. 4. The customs treatment of gift parcels will be facilitated if the customs declaration is marked by the sender "Private Geschenksendung" (personal gift package). 5. Germany will not accept any Priority Mail Express International or Priority Mail International insured item valued at more than \$500. Items valued at more than \$500 will be returned to sender. 6. As of July 1, 2021, the value-added tax (VAT) exemption is abolished on all imported goods, with the exceptions noted in entry 7 below. For more information regarding the European Union's VAT rules, visit [https://ec.europa.eu/taxation\\_customs/business/vat/vat-ecommerce\\_en](https://ec.europa.eu/taxation_customs/business/vat/vat-ecommerce_en). 7. As of January 31, 2022, an item containing goods is exempt from import taxes and duties - with the exceptions noted in entry 8 below - provided that the item meets all of the following conditions: • The mailer sends the item occasionally. • The item is declared as a "gift." • The total value of the item is less than 45 EUR. • The item does not involve a commercial transaction. • The item does not require payment. • The mailer sends the item as a consumer to consumer (C2C) shipment. • The item is intended for personal use or consumption by the recipient. 8. As of January 31, 2022, import taxes and duties apply to the following: • An item associated with a swap deal, such as one conducted online or at a swap meet. • An item associated with a transaction between private persons conducted via an online auction platform. • An item sent either from or to a business - business to business (B2B), business to consumer (B2C), or consumer to business (C2B) - even when declared as a gift. 9. Germany requests that, for all items containing goods, the customs declaration form include the following information, if available: - Country of origin for each article in the item. - Economic Operator Registration Identification (EORI), if such a number has been assigned. 10. Customs declaration forms must include the addressee's full name, (i.e., complete forename(s) and surname), spelled out in full. The use of acronyms or general terms (such as "XY Family") or ("Grandma XY") will not be accepted and may be deemed inadmissible by the customs authority, and result in them being returned to the sender.</Observations>

<CustomsForms>First-Class Mail International: None, unless otherwise required (see 123.61 and Exhibit 123.61, footnote 4) First-Class Package International Service: PS Form 2976 Priority Mail International Flat Rate Envelopes and Small Flat Rate Boxes and Priority Mail International parcels: PS Form 2976-A inside 2976-E (envelope)</CustomsForms>

<ExpressMail>Country Code: DE Reciprocal Service Name: There is no reciprocal service. Required Customs Form/Endorsement 1. Any kind of written communications including legal documents, instruments, and manuscripts; computer data, including magnetic tapes, magnetic disks, punch cards, and recording tapes. PS Form 2976-B placed inside PS Form 2976-E (plastic envelope). 2. Merchandise samples without commercial value. PS Form 2976-B placed inside PS Form 2976-E (plastic envelope). 3. Merchandise and all articles subject to customs duty. PS Form 2976-B placed inside PS Form 2976-E (plastic envelope). An invoice, in duplicate, is required for all commercial shipments regardless of value and all personal shipments valued at \$300 or more. The invoices must be either affixed to the outside of the parcel or enclosed in PS Form 2976-E with the customs declaration. Notes: 1. An invoice, in duplicate, is required for all commercial shipments regardless of value and for all personal shipments valued at \$300 or more. The invoices must be either affixed to the outside of the parcel or enclosed in PS Form 2976-E with the customs declaration. 2. Arms, weapons, and human remains are prohibited. 3. Coins; banknotes; currency notes, including paper money; securities of any kind payable to bearer; traveler's checks; platinum, gold, and silver; precious stones; jewelry; watches; and other valuable articles are prohibited in Priority Mail Express International shipments to Germany. 4. See Observation 1 above. Areas Served: All</ExpressMail>

<AreasServed>Please reference Express Mail for Areas Served.</AreasServed>

<AdditionalRestrictions>All items containing goods must include the corresponding 6-digit harmonized system code for each article listed on the customs declaration form. For more information, see 573 and the Observations section.</AdditionalRestrictions>

### 3.2.2 Sample Labels/Receipts

This section provides sample label and receipt images to the test/staging environment that demonstrate some of the changes implemented to our APIs in this release. These samples are provided as a reference to aid in your understanding of the changes and in your integration with our updated APIs. You should still complete all your usual testing and verification processes to ensure that your system is communicating properly with the most updated version of Web Tools.

Examples will be added when applicable.

### 3.3 Appendix C – HTTPS/Secure Web Tools APIs Security Certificate Info

#### 3.3.1 SSL Security Certificate Updates (HTTPS APIs)

Common Name (CN)	Envir.	URLS
Web Tools Legacy HTTPS APIs	TEST	<a href="https://stg-secure.shippingapis.com//shippingapi.dll">https://stg-secure.shippingapis.com//shippingapi.dll</a>
Web Tools Legacy HTTPS APIs (New)	TEST	<a href="https://stg-production.shippingapis.com/ShippingApi.dll">https://stg-production.shippingapis.com/ShippingApi.dll</a>
Web Tools PROD HTTPS APIs	PROD	<a href="https://secure.shippingapis.com/ShippingAPI.dll">https://secure.shippingapis.com/ShippingAPI.dll</a>
Web Tools PROD HTTPS APIs (New)	PROD	<a href="https://production.shippingapis.com/ShippingAPI.dll">https://production.shippingapis.com/ShippingAPI.dll</a>

#### 3.3.2 SSL Security Certificate Updates (HTTPS Web Tools 2.0 APIs):

Common Name (CN)	Envir.	URLS
